

Call for Papers on the 2019 Sustainable Built Environment Conference (SBE) Shenzhen

Dear experts, researchers and relevant companies,

The Sustainable Built Environment Conference (SBE) is now regarded as the most influential international conference in the sustainable building and construction industry, which is known as the “Olympic” of the field. The International Council for Research and Innovation in Building and Construction (CIB), the International Initiative for a Sustainable Built Environment (IISBE), the United Nations Environment Programme (UNEP) and the International Federation of Consulting Engineers (FIDIC) are four international co-sponsors of the SBE global conference series that began in 2000. The Sustainable Built Environment Conference Series (SBE) takes three years as a cycle, planning in the first year, regional conference in the following year (the cities of many countries around the world), and the global conference in the third year (The next WSBE conference is scheduled to be held in Gothenburg, Sweden).

Authorized by the above four international organizations, the

2019 Sustainable Built Environment Conference Shenzhen (SBE19 Shenzhen), hosted by Shenzhen Green Building Association, will be held at Shenzhen university on 5th to 6th December 2019. The theme of SBE19 Shenzhen is “From Green Building to Ecological City”.

In accordance with the practice of the SBE regional conference, the conference papers are now being collected globally.
